COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There continues to be a steady drain on the Winter Roads account due to the storms.

It is apparent we did not budget enough to sustain the account until Dec. 31. As this is done in January through the Budget Committee it is very difficult to know at that time what the remainder of the winter will bring forth. A change can be made at town meeting but this year our meeting fell on March 2, and at that time, even though we knew we had anticipated costs very closely, we felt we still could maintain the roads providing the weather stayed good.

We have not had any severe storms but the light snowfalls have created expenses due mainly to the cost of salt and sanding. Plowing has not been a problem anytime during the season.

Past experience has taught us there should be at least $8,000 in the Winter Roads account in the Fall to stockpile sand and maintain the roads until Dec. 31. As of April 1, we had $4,000 to complete this season and to start next winter.

We no doubt will have to call a special town meeting to appropriate more funds. As the audit report shows a larger balance in Surplus than was anticipated, we can take the money from that account.

FOLK SINGERS TO VISIT GOULD ON APRIL 6-7-8

Sandy and Carolyn Paton, folk singers and folklore historians, will be visiting at Gould Academy on April 6-7-8. They will be visiting classes at the Academy and will present a concert, to which the public is cordially invited, on Tuesday evening, April 7, at 7:00 p. m., Bingham Hall.

CENSUS TAKERS EASY TO IDENTIFY

Householders will not have any difficulty identifying enumerators for the 1970 Census of Population and Housing, District Manager Thomas S. Taylor pointed pointed out. Enumerators, or census takers (most of whom are women), started making their rounds in the area on April 1 and are expected to complete their work in three to five weeks.

Each census taker will wear a red, white, and blue identification card. This card bears the seal of the Department of Commerce, and the words "Census Enumerator, Official Credential" are printed across its face. It bears the census taker's signature and certifies that the individual is authorized to perform duties of a census enumerator and has sworn to keep confidential all census information you provide.

Persons purporting to be census takers who do not have this identification card should be reported immediately to local police or to the census district office, which is located at the Sheraton-Eastland Hotel, Portland, Maine 04101.

PUBLIC INVITED TO PHYSICAL SCIENCE PROGRAM AT TELSTAR THURSDAY, APRIL 16

The annual meeting of the physical science teachers of Maine will be held at Telstar on Thursday, April 16. Following a supper and business meeting, members of the Telstar Science Department will present a program on Harvard Project Physics.

Both Mr. Kersey and Mr. Fiske attended summer school in order to teach this newest science course. Telstar is one of two schools in Maine teaching a physics course which considers science in the total human effort, not as an isolated body of knowledge. Enrollment in the physics program has increased two hundred per cent this past year, primarily as a result of the nature of the physics course. Mr. Kersey will be attending Harvard this summer in order to teach teachers this new program. Mr. Fiske will be teaching high school principals at the University of New Hampshire this summer.

The evening program to which S A. D. 44 residents are invited will begin at 7 p. m. in the lecture hall and will commence with a brief introductory discussion. Following this, five areas will be available for guests to visit. These will include:

Lecture Hall: a teacher training film made by Mr. Fiske for WGBH-TV, Boston.

Room 103: Student discussions.

Library: Student demonstrations; Audio Visual Exhibit; Book Display; Reading lab; Polaroid photography.

Physics lab: Two multi media laboratory sequences.

So—there's something for all who would join us and see that at Telstar. "Physics is Phun!"

I cannot say, and I will not say
That he is dead. He is just away
With a cheery smile, and a wave of the hand,
He wandered into an unknown land.
And left us dreaming how very fair
It needs must be since he lingers there.
And you—O you, who the wildest yearn
For the old-time step and the glad return
Think of him faring on, as dear
In the love of there as the love of here;
Think of him still as the same, I say;
He is not dead—he is just away!

UPTON

— Mrs. Arline Bernier, Correa. —

Fred and Bea Judkins went to Rangeley Sunday to attend services and visit his sister and family, the Edgar Balleys. They returned by way of Phillips, Dixfield and Rumford Point, where they visited friends and relatives.

Sidney and Lillian Abbott and family of East Sumner spent Saturday night and Sunday in town visiting relatives and attending Easter service and breakfast.

Earl Buck celebrated his birthday with a party at his home Saturday evening. Guests included George Shultz, Larry Wade, Fred and Bea Judkins, Roland and Arline Bernier.

Twenty people gathered at the Cedric Judkins homestead to join in an Easter sunrise service and breakfast.

The Burks went to Buckfield Sunday to visit relatives.

The Goodrums spent the week end in Berlin with relatives to observe Easter and visit Horace who is in the hospital there.

Lawrence Wade and George Shultz of Dover, Mass. spent the week end in Upton.

Lucille Largesse moved into her home here Thursday, March 26 as her husband has been transferred to Washington, D. C. She has her children and her brother's children with her.

Ray Haley of Brunswick spent several days at his home here.

Joyce Abbott of Turner spent the week end caring for the Abbott children while their mother, Helen went to Togus to be with her husband. Glenn is being transferred to the Veteran's hospital in the Boston area to receive a kidney transplant. Three of his brothers have gone down for tests as possible donors.

Sunday morning there was an accident near the Backstreet Road involving a Canadian car and the State plow driven by Bernard Powers. The Canadians were taken to the hospital. Extensive damage was done to the snow plow.

Alex LeCompte has traded his Scout for a newer model. Mary says it's the same thing only this one won't have to be held together with string. They had no company the past weekend which is news because its their first week end this winter without company.

CARD OF THANKS

I wish to thank all my friends and neighbors for their thoughtfulness, for their prayers, cards and food sent to my family while I was in the hospital. A special thanks to my mother in law and my mother for the help they are giving me while I am convalescing.

SUNDAY RIVER

— Mrs. R. M. Fleet, Correa. —

Mr. and Mrs. Ernest Verrill and children of Concord, Mass., are visiting his parents, the Floyd Verrills.

Mrs. Dot Onofrio and sister called at Romeo Baker's Thursday.

David Fleet has competed his present woods' job and moved his equipment home Friday.

Alden Kennett was up the river Sunday to see about the wild life.

The road from R. M. Fleet's to ketchum has been posted until the snow has gone. It is very rough now.

The ski area is getting a couple of bare places that can be seen. So that means spring has begun her work on the trails.

Easter was a cool, dull gray day outside but not for me as I had a very ususual yellow mum as a present and it surely is cheerful. Then to my surprise I looked at my angel leaf the other day and found a sunflower that would have been open if it had of had more sun. It must be a dwarf variety as its not very tall. So it's one the birds or squirrels did not get.

Sharon Daye had to be sick and did not get to Sunday School. All the rest were present.

No Dr. Loy Harrell yet Monday and we hope it's only due to the plane tie-ups.

Christian Science
Effective ways to meet the problems of greed, injustice, intemperance and violence are described in the Christian Science Lesson-Sermon for Sunday, April 5. The subject is "Reality."
Many of the Bible citations are from Proverbs, contrasting the folly of destructive habits with the peace of spiritual understanding. "For the merchandise of it is better than the merchandise of silver, and the gain thereof than fine gold."
Translations of real and unreal persons are given from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, Discoverer and Founder of Christian Science. She states, "Take away wealth, fame, and social organizations, which weigh not one jot in the balance of God, and we get clearer views of Principle."
You are all cordially invited to attend services at First Church of Christ Scientist, Main and Tenth Sts., Berlin, N. H., starting at 11 a. m.
The Christian Science Radio Series "The Bible Speaks to You," is broadcast each Sunday over Station WMOU, Berlin, N. H., at 8:15 a. m. The theme for April 5 will be "How Can You Overcome Fear of the Night?"
A Christian Science Reading Room is now open in the business district in Berlin, N. H., at 134 Main St., from one to four every Tuesday, Thursday and Friday. The public is warmly invited to attend.

JR. HIGH YOUTH GROUPS ENJOY EASTER AT ROCKCRAFT

The Junior High Youth Groups of the Methodist and Congregational Churches spent an enjoyable Easter weekend at the Rockcraft Lodge Conference Center at Sebago Lake. As we pulled into the drive we were met by Mr. Laws. We spent about two hours running all over the grounds and house. At the sound of the dinner bell everybody made a mad rush for the dining room. Following supper our six weeks of classes together were reviewed by Mr. Caton. We had discussion and ended the evening with folk singing led by Mr. Caton with his banjo.

After about only three hours of sleep, we were awakened by reveille played on the kazoo at 5:10 a. m. Sixteen ragged, bleary-eyed kids came downstairs and out on the front lawn to join in an Easter Sunrise Service. (Even the advisors made it out!) We had a scrumptious breakfast of pancakes and bacon and then Mr. Caton yelled "it's time to go." Everyone leaves Rockcraft reluctantly after a wonderful stay. We have promised to return this summer and hopefully many more summers and winters after.

DRUG ABUSE

The research material used for this article comes from the Bureau of Drug Abuse Control in Massachusetts. These facts, are not my own opinion, they come from this publication, some of them are copied word for word. You may think it odd that I start with the so-called hard drugs. It's merely because the facts I have at this time, deal with them.

Most of the drugs fall into three basic groups. Depressants, stimulants and hallucinogens. Hallucinogens, which is our subject today, include, among other drugs, mescaline, a chemical taken from the peyote cactus. Psilocybin extracted from Mexican mushrooms and L. S. D., a lysergic acid derivative that is the best known of the hallucinogens.

The effects of L. S. D. are at best unpredictable and vary greatly from person to person. Things may become distorted, the senses are all effected. Panic, violence, often a tendency toward suicidal acts. There is no way to help a person on a "trip" until the drug has worn itself off. This can take from eight to ten hours. The terrible part of L. S. D. is the fact that these effects can recur as much as a year later. It has caused insanity and even death in many cases. There is no medical use for L. S. D. and the only manufacturer and investigator of the drug voluntarily ceased its production in 1966.

Physical effects associated with L. S. D. include increased blood pressure, blood sugar and heart beat. Nausea, chills, flushes; irregular breathing, trembling and sweating of the hands. It becomes nearly impossible to sleep for at least eight hours after a "trip." The eyes become so dilated and sensitive to light that sunglasses are worn even at night. Its total effect on the body is not understood as yet, but it is believed that it effects the chromosones to the extent that future generations will be harmed. There is no actual addiction to L. S. D., merely a psychological one. This means, in effect, that the persons using this hellish concoction, do so because they either don't know what can happen, or they just hope it doesn't happen to them.

You may have read in the paper that 24,000 L. S. D. pills were taken in a raid recently. This by no means takes care of it all. Its production was stopped four years ago, so it must stand to reason that what is being used now is of unknown quality. What else is mixed in who but a doctor or a chemist would know.

RED ROOSTER MOTEL WINS LISTING IN MOBIL GUIDE

The Red Rooster Motel, Bethel, has won a listing in the twelfth edition of the Mobil Travel Guide, the country's best-known national travel guidebook, it has been announced by the Guide's editors.

Over 24,000 restaurants, hotels, motels and resorts are listed and rated on a one to five-star basis in the seven volume Travel Guide which has been compared to the famed Guide-Michelin by travel experts. The books will be available at Mobil stations and bookstores in April.

To win a listing in the Mobil Guide, an establishment must be personally inspected by an impartial, trained inspector who reports his findings to an editorial board. Mobil has given complete independence to this group in deciding on listings and ratings.

Each of the seven regional editions gives valuable information on local history, sightseeing, amusements, sports and recreation facilities. They also include regional road atlases and detailed maps of major cities, special auto-tour sightseeing routes, and advice to travelers.

RUMFORD HOSPITAL RECEIVES PUBLIC RELATIONS AWARD

The Rumford Community Hospital received an award for outstanding ability in the practice of hospital public relations at the annual meeting of the New England Hospital Public Relations Association held in conjunction with the New England Hospital Assembly, Boston, March 24.

Mrs. Rosabelle Tifft, director of public relations and personnel at Rumford Community Hospital, accepted the award for their five-week Smoking Withdrawal Clinic conducted as a pilot project last February.

The first NEHPRA project awards competition was developed to recognize excellence and outstanding ability in the practice of hospital public relations as demonstrated by public relations projects conducted during 1969. Entries were judged by members of the Public Relations Society of America. A total of nine entries from those submitted from hospitals over New England were selected for awards. These entries become a permanent part of the NEHPRA's education program to be available as references to all members.

Mrs. Tifft was also elected NEHPRA's director for Maine for a two-year term.

The NEHPRA has over 110 members representing nearly 100 hospitals throughout New England.

On Tuesday Mrs. George Taylor entertained at a supper party at her home in Kimball Park, in honor of Mrs. Fred Hamlin's birthday. Other guests present were Mrs. R. R. Tibbetts and Miss Eugenia Hazelton.

The more you give, the more you get;
The more you laugh, the less you fret;
The more you do unselfishly,
The more you live abundantly;
The more of everything you share,
The more you'll always have to spare;
The more you love, the more you'll find

THE WILLIAM YOUNGS OBSERVE 50th WEDDING ANNIVERSARY

Mr. and Mrs. William Young, Vernon St., Bethel, were honored guests on Tuesday, March 24, at Mt. Abram Ski Slopes, in observance of their golden wedding anniversary. William and Lillian Grover Young were married on March 24, 1920, at Norway, by Rev. D. L. Joslin.

Bill was from Sherbrooke, Canada, and Lill was from Berlin, N. H. The first nine years of their marriage they lived at the Steam Mill.

The Youngs have seven children and all of them live in Bethel: Harold (Tater), Edna, Janice (Mrs. Stuart Cross), Eleanor (Mrs. Robert Buker), Lawrence (Bozo), Florence (Honey—Mrs. Lawrence Bailey), and Grover (Peter). They have 18 grandchildren and three great-grandchildren, with one more expected this summer.

The Youngs were presented flowers from Coburn's Flower Shop, and Don Brown took pictures. A special highlight of the evening was a lovely tape recording that was sent and prepared by their grandson, Loren Young, now stationed in Viet Nam. Mrs. Loren Young presented the Youngs with a beautiful plaque that included engraved inscriptions and Bill and Lill's picture.

Mrs. Phyllis Cross read several poems and messages for the honored couple, among them were "This Is Your Life—Bill and Lill Young" written by Honey Bailey, a poem by Doris Lord and a poem by Sandra Dunham. Nancy Young had information about the grandchildren.

People enjoyed dancing to the great music played by Angelo Onofrio's music group.

Edna Young, their daughter, made and decorated the beautiful tiered cake. The lodge was appropriately decorated for the occasion. The couple received many lovely gifts and they had two money trees, also some phone calls.

People attended from Bethel, Locke Mills, Bryant Pond, South Paris, Lovell, Norway, Dixfield, and Augusta.

"Thank you" to the friends and family who helped Mr. and Mrs. Young celebrate their 50th wedding anniversary.

The Youngs—Bill and Lil

Listen—you people—and please be still
While I read you a story about Lil and Bill
'Twas in nineteen-twenty when they were wed,
Since then—seven children they've nurtured and fed,
You might like to know just how they met,
I'm sure that they will never forget,
As they walked along through the damp and the cold
Bill decided that Lil should never grow old.
He got up his courage and found his tongue
And asked her if she'd like to be forever YOUNG.
Her heart was light and filled to the brim
For she planned all the time that she would grab HIM.
They've managed the years well, as you will agree,
And they DO look young — as you can see.
Money alone doesn't signify wealth,
It's LOVE and FRIENDS and FAMILY and HEALTH.
Much happiness lies in old memories,
Like family picnics under the trees,
Thanksgiving — Christmas — and birthdays, too,
They made each year begin anew.
As chefs — they're well known around town
Their pies and doughnuts have won great renown.
But in spite of good cooking—when they want a real treat—
They jump into their car and go out to eat.
Now what can you say to a couple like this
Who've had fifty years of lasting bliss?
I guess along with those many golden years
Have gone sorrow and joy and laughter and tears,
Age tells us that memory is the treasure house of man,
Gold can vanish, but life's riches never can.
A home of laughter and the voice of each friend
And joys of contentment linger to the end.
May many fine times come to Lil and Bill
May children and grandchildren bring each a thrill.
We know they'll continue to be hale and hearty
And live to enjoy another party.

APPLICATIONS TO ENTER U.-M. UP 16% OVER YEAR AGO

Applications to enter the University of Maine at its Orono, Augusta and Portland campuses have increased almost 16 per cent over last year. As of March 1 the admissions office at Orono had received 6,806 applications for admission to the freshman class of 1970, compared to 5,864 applications a year ago. Largest increase in applications comes from out-of-state students and the large number of applicants will mean that some 1,050 qualified applicants, 150 of them from Maine, will be rejected this year.

University of Maine students are home for a weeks Spring vacation from Orono, Farmington and Gorham.

Letters to the Editor

Dear Editor:

To the people of this area:

I know I'm just another teen.
But I'd like to have you know,
I was glad in church last Sunday.
That you all took time to go.
I'm sure a lot are satisfied
They could hear about Christ's death.
But I'd like to see you there again.
You could hear his wordfull breath
He's got a lot to tell you
About the way to live.
And He's even got the inner strength
Your sins to all forgive.
He came down to earth to give his life,
That each of us might live.
Is an hour out every Sunday
In return too much to give?

Sincerely,
Dave Hanscom

TELSTAR R. H. S. NEWS

STUDENT COUNCIL NOTES

Because this is only its second year of existence, the Telstar Regional High School Student Council has been concerned with internal affairs. However, as it stands in our new constitution, our primary function is service to our school and its organizations.

Last fall the council sent delegates Andy Davis, Mary Ellen Andrews, Tom Sauret, Brad Fiske, and Dave Holt to the state convention of student councils which was held in Westbrook.

The council currently operates a coffee but chocolate machine in the cafeteria, the profits from which defray routine expenses.

We also have placed a suggestion box in the library which gives the student a chance to make his opinion known.

We have met several times with Mr Cunningham and Mr. Flynn to discuss school problems.

The council was instrumental in selecting Telstar's mascot,"Yosemite Sam" and the team name—The Rebels.

The council coordinates school activities, such as dances, etc., with the use of the student calendar.

A bulletin board attended to by the council is near the cafeteria, where it is convenient for all interested students to see just what the school is doing.

We were instrumental in the sale of school shirts by the Girls Athletic Association in the book store. Limited financial resources at present preclude expansion of the book store.

The Telstar Student Council also writes news and happenings in the Bethel Citizen, in order to partially fill the communication gap between Telstar and SAD 44 citizens. The good that goes on here is often overshadowed by a few isolated problems.

—

Brian Kirk Wentworth has been accepted by the University of Maine in their engineering program.

GREENWOOD CITY

— Mrs. Calista Morgan, Corres. —

Sometime during Monday night, March 23, our mountains had withdrawn to a far distance and seemed like half remembered dreams in a a hazy sky. But we could feel them there waiting out the storm, their great shoulders again white with another snow.

Before this left the trees and after the sun glittered on these same white wrapped hills as immaculate, I strapped on my snowshoes and with my camera, set out up Bulldozer Road.

Slaty-blue clouds were piled now, over the western mountains while to my right over Noyes Mountain there was a downpour of vivid sunlight

The birches and alders were bent across the road and "Every pine and fir and hemlock wore ermine too dear for an earl."—James Russell Lowell.

All this made a fairyland of beauty; awesome and full of wonder.

With the sun sparkling on the "cotton trees" it was nice just to be here on this March morning even if the snow had been unwelcomed.

Several times I stopped to view it all and to capture it in part on my film.

When I reached the field where I crossed the fence into the one time yard of the long ago Buck farm; my eyes caught something unsual near the fence in the distance. At first glance it looked very much like the top of a post. But I knew the snow wasn't that deep! Then I saw the trail of little feet and as I drew closer I noticed that the "post' had eyes and ears. These didn't stay long. just dropped out of sight. I was slightly surprised to see Mr. Woodchuck surrounded by a drift, cold and crunchy! I peeked into his hole that went down through the drift and into the ground. At the end of his trail there was another hole under a rock in the wall. Probably his tunnel went branching between twenty and forty feet under ground. If he expected the green on which he gorged to become fat and lethargic before he slept in September he was sadly disappointed. I was glad it wasn't February and no doubt he was too.

Even though I waited for some time he did not appear again. But when grass time comes he'll be there along with many more ready to whistle and chatter to warn his family when someone approaches.

Coming back I visited the old veteran fir tree that has served so long as a bird perch that it is now surrounded by a thicket of young growth. In season it still has its own charm. Underneath are the flowers of spring, the green richness of summer, the flame of autumn, while in winter it stands most conspicuous, a dark green sentinel watching the sun slip down early on its path behind the hills.

In a few hours the trees were again tall and clear. The arching grace was visibly gone but with me, still remained the snow capped mountains out there and the wooded pathways free from care.

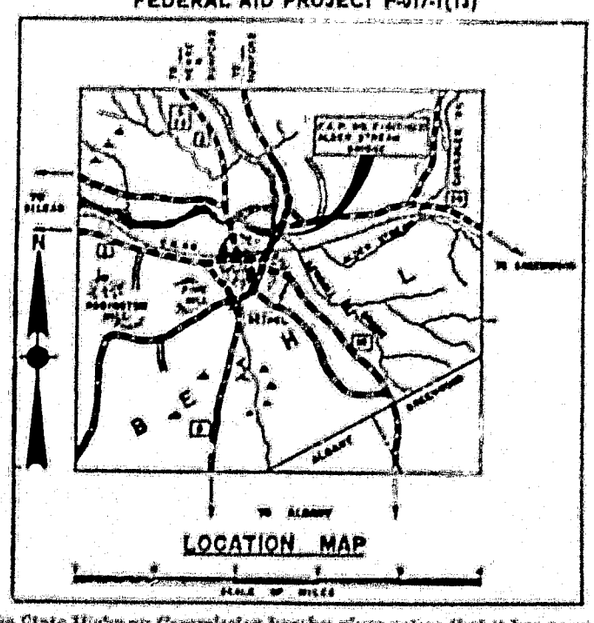
NOTICE OF PROPOSED RECONSTRUCTION AND/OR RELOCATION
ALDER STREAM BRIDGE OVER ALDER STREAM
STATE ROUTE 26
IN THE TOWN OF BETHEL
OXFORD COUNTY
FEDERAL AID PROJECT F-017-1(13)



The State Highway Commission hereby gives notice that it has received route location and highway design approval for the reconstruction and/or relocation of Alder Stream Bridge and approaches on State Route 26 in the Town of Bethel, as described below, from Robert D. Hunter, Division Engineer, Bureau of Public Roads, Room 614, Federal Building, Augusta, Maine, 04330:

Location: Beginning on State Route 26 about 0.5 mile east of the intersection of U. S. Route 2 and State Route 26 in Bethel Village at about Survey Station 9+00 and extending easterly a distance of 900 feet to Survey Station 18+00 near the junction of the East Bethel Road (State Aid Highway No. 97. The site of the new structure would be about 200 feet easterly of the present bridge, and is situated so as to make use of an existing old stream bed for the new straightened channel

Design: The roadway will be designed 44 feet in width, made up of two twelve-foot wide bituminous gravel lanes with a ten-foot wide gravel shoulder on each side, all to be constructed on a variable depth aggregate base and subbase. Surface drainage generally will be accommodated by means of roadside ditches and open ended driveway and roadway pipe culverts leading to suitable outlet ditches or natural waterways. The new structure would have a span of 23 feet and a height of 17.5 feet. The new channel would be about 40 feet wide for a distance of about 140 feet upstream and about 140 feet downstream from the bridge. Total width of right of way required for the project will be 120 feet, or 60 feet on each side of the new center line. Where construction limits extend beyond the new right of way limits, additional easements will be acquired.

WOODSTOCK ELEMENTARY SCHOOL

Kindergarten Registration was held March 24 in the Woodstock Gym for the 1970-71 Kindergarten enrollees.

Those assisting with the registration were Roger A. Spognardi, Elementary Supervisor; Leonard Brooks, Elementary Guidance Counselor; James L. Johnston, Allen Messer, Robert Hamor, Elementary Principals; Mariam McAllister, Kindergarten Teacher and Miss Velma Spenser, Public Health Nurse, and Mrs. Suzanne Bartlett, M. S. A. D. 44 District Nurse. Also a similar registration was held recently at the Locke Mills Elementary. It was felt that it was a successful program.

On Wednesday the children from Kindergarten, Grade 1 and Grade 2 with their teachers Mrs. McAllister, Mrs. Lettie Brooks and Mrs. Judy Brooks took a field trip to Philip Farrington's to observe the process of making maple syrup. Mrs. Farrington gave a talk to the children about the steps taken to make maple syrup while they were watching the operation. Then they were all treated to home made biscuits with the sweet treat on them.

This same field trip was taken the following day by our Locke Mills Kindergarten accompanied by their teacher, Mrs. Amy Davis.

Miss Velma Spencer, Public Health Nurse, has been here off and on all week busily doing vision testing to finalize this program offered to all the school children.

Mrs. Epper is busy as always but unusually so with her stepped up Spring Concert preparations with our students. Watch for the date of this concert.

She came home from the hospital Friday but it looks like her substitute (her mother, Mrs. Myrtle Wing) will be with us for the remainder of the school year. Eleanor asks that her sincere thanks be extended to the Woodstock staff for the pretty potted azalea plant sent to her until she can personally extend her own thanks.
